

ASSEMBLY

- Installs in 30 minutes or less
- Simple-to-install Quick-Snap Tracks means fewer assembly steps and an easier installation experience
- One tool required - power screwdriver

SCREEN FABRIC

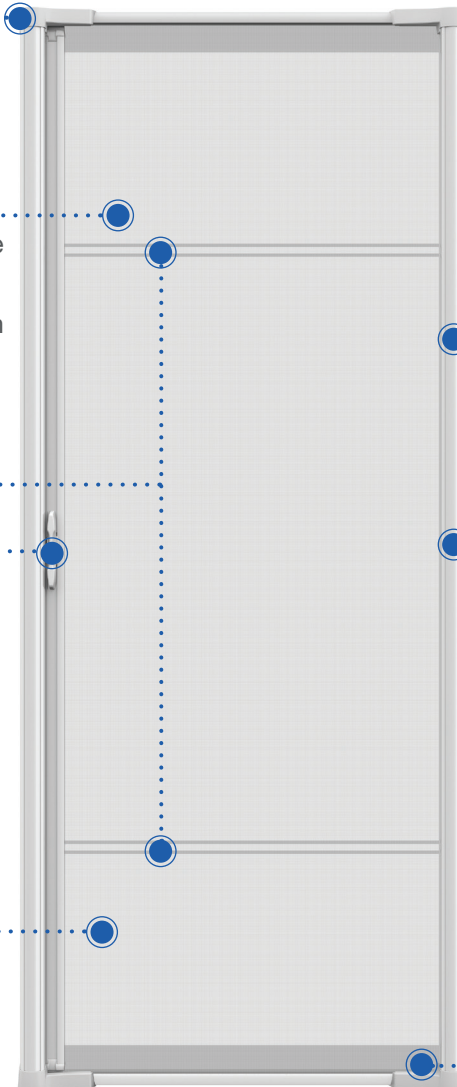

- Anti-fraying double weave at the top and bottom of the screen fabric
- Durable screen fabric with subtle safety stripes woven into the fabric provide faint visual cues to help prevent walk-through. Top stripes are for people and bottom for pets.

HANDLE

Ergonomically designed handle with latch/lock offers simple and secure one-hand operation

STYLES

- Wide range of standard sizes, including 96" tall doors
- Also available for sliding doors

HANDING

Adjusts easily to fit a right or left hand application

SMOOTH GLIDING, NO SLAMMING

Screen retracts all the way without assistance and with no banging

SILL PLATE

Aluminum sill plate with adjustable extenders (no gaps, blunt or sharp edges to step on)
